VOL. XXIV - ISSUE 3

# Damn this entire fucking month was a party

It's that amazing time of the year when fall semester is coming to an end, and everyone is about to be shipped back home to experience Thanksgiving. It will suck, your uncle will be gross, your mom will get in a fight, and your little cousin will find a way to play Ram Ranch for everyone during the turkey carving. This is just one of the several dumb shit realities of November. I just got done surviving Hal-loweekend here at State. Four days of nonstop drinking for this fellow over here. Friday was special since it was Koalaween. You all surprised us by how excited you were for our gathering. The fog over the canyon did give off some ominous vibes that night, but what is a Halloween party without a little fog? Thank you big guy in the sky for the mood setting. We got shut down pretty quick for "noise complaints", but let's all be honest: every frat saw that we were about to have the biggest party this year with god, jesus, and vishnu on our side, and once we hit 500+ people, their inside moles called their connections in the San Diego Police Department and had them come 10 deep to shut us down. Or maybe it was the neighbors that saw the neverending procession of Ubers and Lyfts and the packs of party goers walking down their quiet suburban dream at 9:30 pm and got scared shitless. Either way I was happily surprised by how many of you wanted to get wrecked with us that night. We love each and every one of you that showed up. For everyone else walking down Montezuma trying to get to us, Siri is thankful you got your steps in for once. I don't know what to say other than to come to our next event. Maybe it will be right before school starts next semester. I ain't dropping any details until it's closer, but trust me, the neighbors will hate us more next time.

Let me list my favorite costumes I saw during Koalaween: sexy male cop (he pulled over a car to fuck with them; it was hype), "I am not a minion" gold digger, dude that was just wrapped in Christmas lights like a walking fire hazard, the couple with the M&M candy costumes, and the handful of people dressed way too well as pirates (seriously, there were like 15 people with way too good of pirate costumes. Have a feeling it was less of a costume and more of a "will fuck you like Jack Sparrow fucks over everyone in those movies" type of vibe).

As always my dear readers we have more to come and I am excited for what we will be able to do in the future. Be on a look out for our next hype shit.

With love,

Handie Samberg

P.S. Turning Point SDSU thought we were being cute last issue. We actively fucking hate you people. Eat shit. I mean for you to literally eat shit. I want you to take a shit and eat it. Fuck you. Get off campus. Long live the dude that ripped your stupid strawman fucking poster. Stop asking stupid questions to people like you are actually trying to have a conversation. Get laid. And fucking graduate. Stop wasting the schools resources on your stupid petty bullshit. Fuck off.

Ok House Party review: just ok

Clifford the Big

I'm not sure where I was or how I got there, but I found myself in a room filled with gorgeous women, velvet furniture, and LOTS of pinot noir. Let the record show: if I was into females, an orgy would've ensued, but as I am of the queer persuasion, we ended up doing the next best thing: Cunnilingus. Okay, fine the next NEXT next best thing. Dancing.

If the review ended here it would've been an easy 5/5. However, as I danced closer and closer to a back wall trying to dodge the bony caucasian asses being thrown at me at speeds of up to 70 miles per hour: a world altering event occurred. I got hit by the front door, bitch. And it HURT. What's worse? MEN WALKED IN. AND WERE UGLY. AND DIDN'T APOLOGIZE??

I understand there's a certain level of objectivity to party reviews that I must stay true to, but this moment sent me into a spiral of pain, confusion, and queer panic like no other. Plus it gave me a lil boo boo on my knee-naw ;(

Men if you decide to come to a party make sure to at least pretend like you give a shit about everyone else standing in the room.

With all of that said, I'm giving this party 3/5 inconsiderate men. Fuck u guys eat a cock.

Milf and Dilf Fire Sale

DeeZ Nutz

There is no better way to show your parents the success of your college endeavours than taking them to the musty ass stacks for a definitely not cliché Milf and Dilf themed party-- which is exactly what DSig held on parents weekend. Upon arrival, it was clear that most of the parents were wondering where exactly they went wrong during the whole child rearing thing. It took a while for most of them to warm up but when they finally did, the milfs fucking took over that shindig as their substantially less attractive husbands watched in horror. Nothing says #3 party school like seeing horny frat guys ask their brothers' mothers if they "wanna do blow" off their iPhone 8s. It is pretty horrifying to see men barely out of their teen years trying to fuck their "brother's" moms. Isn't half the point that it is like blood in blood out? Why not fuck your mom at that point? Is this a step-mom fetish thing? Any way you look at it: this shit was desperate and sad.

I will say their set up was pretty well executed. There was more than enough dance room for ass shaking but no ass shaking

music to be found. Seems not even the promise of MILF ass will get these frat boys to play any music worth dancing too.

The stripper pole podiums were very sturdy, and I had a lot of flat sorority ass in my face because of it. Believe it or not, sorority girls will never hesitate to climb a pole in front of middle-aged men. I have never seen more dads trying their best to hide their boners over the legal teenagers in their area. Don't worry Gary, your wife already knew you were a creep. With all this, you would think that Dsig would at least stop their tradition of reusing cups for the special occasion, but that's much too fancy for them. If you can't accidentally give your own parents herpes or hepatitis, is there even a reason to throw a party at state?

In normal frat fashion-- a great idea went to waste. Instead of drunk moms shaking ass and smoking grass, I witnessed uncomfortable stares from every Dad in the house and the odd feeling that everyone in the room was going to get grounded like they were back in middle school come Thanksgiving break. Thanks for wasting the ONE DAY IN THE YEAR I COULD GET SOME MOMMY MILKERS OR DADDY DICKERS DSIG! Solid

2.5/5 hidden boners

FUCK NO NUT NOVEMBER, IT'S NUTSACK NOVEMBER.

Prep your fucking nutsacks. Moisturize them. Coddle them. Treat them to a nice fucking dinner. They are going to need it.

Fuck what you heard about No Nut November. That's pussy shit! Don't you want to have the strongest set of stones on the planet? You need to take those balls, give them a tight squeeze, and get to fucking work.

You need to jerk off so hard that your balls shrivel up into empty raisinette looking shits. They should not have any cum left. You should be shooting blanks 4 times a day. Your girlfriend should be crying because you can't give her the cream pies she so desperately needs. But remember, this is for a greater cause, my flaccid friends. After Nutsack November, your family jewels will be the toughest on the planet.

You can't argue with me here. There is nothing more therapeutic than orgasming so fucking hard you see your dead hamster. Tell your therapist that they are not needed this month. All you need is one hand on your

sack and the other on your cock, whacking it to Abella Danger's breast-feeding adventure video.

By the time Dicktember 1st rolls around, your sack should be emptier than Santa's on Christmas morning. Your sperm should be completely depleted. Finally, you can rest. You now can begin to prepare your fun bags for the perils of Jerk Off January. Happy fapping fuckwads!

# Love Bug Infects San Diego State University Police

## Recruit #3472-C

New reports have surfaced from the Calpulli Health Center here at San Diego State University suggesting that mono cases are on the rise with no sign of slowing down. Under normal circumstances, this would cause mass concern for SDSU students. This year, however, that is not the case. 2021's round of mono cases will not affect the student body because a majority of those infected work for the SDSU police department. This poses the question: why are campus police getting mono?

As to why SDSUPD officers keep contracting mononucleosis, the answer is not for the faint of heart (or homophobes). REPORTED inter-partner kissing rates have been on the rise since August for reasons unbeknownst to man. Although the SDSU police department has been contacted multiple times for an official statement, the only reply we've gotten is that the rise in inter-partner kissing rates pose "no threat" to campus security, so [the kissing] is not a matter to be discussed with the press.

SDSUPD may claim that they can kiss their partners during their shifts and still keep the school perfectly safe, but SDSU students say otherwise. Recent posts across the social media platform YikYak feature an array of complaints from students on campus. One post states, "Officers are so busy with each others' soft delectable lips that they can't even stop freshmen from walking in the skateboard lane." Another student writes, "Just saw 2 SDSUPD officers run a train on an Elite security guard in parking lot 12, do NOT think that is legal."

One search on YikYak can yield thousands of posts recounting sightings of SDSUPD officers doing everything from quick pecks to rough, penetrative anal sex in Hepner Hall.

We reached out to the dean's office for comment regarding these recent kissing developments, but were turned away. Luckily, we have reliable inside sources from the depths of Adela's dungeon. Rumor has it, the administration plans to replace SDSUPD by Jan 1st, 2022 if they cannot get their officers to stop kissing. SDSU's replacement plan requires recruiting fraternity members to stand at every major school entrance to ask everyone who passes onto school property who they know here and to show their Groupme invite. Test runs of this new frat-run security prove to be 150% more effective at lowering crime rates than SDSUPD. If SDSUPD cannot get their officers to stop fucking and sucking, their butt pussies won't be the only thing getting fucked in 2022.

# The Underground World of Circle Jerks

## Recruit #657-B2

According to Dictionary.com, the definition of Circle Jerk is “mutual masturbation among three or more persons.” However, here at SDSU it is so much more than a 7 word sentence. Being the curious cat that I am, when I came to SDSU I desperately searched for active circle jerking groups. When I was 15, I accidentally walked in on my neighbor’s son having one, and I have never been so horny since. Plus, I needed to find friends somehow. I looked on reddit, yikyak, and even the GET Mobile app--nothing. It was not until I was spending the night studying hard for an exam that I heard the familiar sweet sound of fapping. I instantly gathered my things and rushed towards this hidden library circle jerk.

What I stumbled upon was breathtaking: 5 people in black cloaks sitting in those heavy ass outdoor library chairs. Looking around the room, I noticed there was a 6th, open chair. I don’t know how, but they knew I was coming. I slipped into my special chair and started going at it. At that moment, I knew I was home. However, once we all mutually reached climax, I blacked out. I woke up 2 hours later on the floor, covered in piss and cum much like the new Pike pledges. I was alone once more.

The next few days were a haze. I woke up with a dark cloud over my head. Depressed, I couldn’t eat and I could barely sleep. When I finally did manage to get some rest, I would be plagued by wet dreams about that wonderful night. I was a mess until one day I woke up to a note slipped discreetly under my door. It read “Hello. You wanna cum again?” Instantly I knew who wrote it. I opened my door to try and catch the person who gave me the note, and saw a red gum drop trail on the ground. I followed the trail for 3 miles, and ended up in a location I can not disclose. I can’t tell you much about the house, but let me just tell you: I could smell it from a mile away.

Entering the house was my Eyes Wide Shut moment, except I’m higher up in the Scientology rankings than Tom Cruise.

As soon as I walked in I was handed my own black cloak and then I heard that sound again. That glorious sound. I found my chair amongst my hooded brethren and fapped until the sun rose. Except this time there was a reception after with Cognac and a showing of Dead Poets Society. I was able to speak to my fellow fapping friends and met amazing people; I even met someone who fapped while listening to Macklemore’s December 24th posthumous album.

30 minutes into the movie, I noticed someone in a silver cloak sitting on a throne in the back of the room and knew I had to go speak to them. I worked my way over to them but was stopped by 2 Elite security guards. They told me if I wanted to speak to The Master, I had to sing the first 15 minutes of Lady Gaga’s “The Fame Monster” album. I just go to circle jerks, I’m not an animal. Of course I know Gaga. I passed with flying colors. When I approached The Master, I asked for permission to write this article. They said it was okay as long as I didn’t disclose any locations, names, or genders.

Then, I raced home in order to draft this article and share my story. I went back a few days later and the house was gone. Just an empty plot on the ground.

I don’t know what’s gonna happen next for me, will I get another invitation? Or will I be forced to cum alone for the rest of my life? All I know is that I’m not even sorry it’s over...I’m just glad that it happened. If you want to help me find this society again and circle jerk with me, shoot me an email at:

circlejerksRus1234567@gmail.com.
