This is gonna Piss off some Asshole

Wanna know what is worse than a frat boy trying to get you into bed? That's right, Turning Point USA is the worst on campus. Like, they actively sit around on campus antagonizing people thinking that will make people like them, or prove a point. I don't think they are any better than the frats who go around and harass people at the door of their parties because it's "exclusive". News check meat-for-brains: they are not coming because it's "exclusive", they are coming because they're teenagers that don't know what a good time is yet. Stop hanging out with babies. Here's the funny thing: the frats say they don't read us, but complain that we are being mean again, but don't they have to read us to know that? So pick one fellas: either you don't read us or you meticulously comb through each article to see if we are specifically discussing your frat.

Anyway, back to the assholes at hand. Turning Point USA boasts about the same level of intelligence as Ted Cruise. And that's not a lot. Dude publicly liked porn on his Twitter and blamed an assistant. Bro, own up to your fetish you little freak, we all got something. The furies wear theirs with pride (Go furies, get that fur!) But yeah, Turning Point USA smells like ass garbage and have doo doo brains. They also can't count to 5. Go up to them and see if they can count to 5 without giving a "well actually" about abortion rights or gerrymandering. They think that the letter Q is a secret agent from the government. No guys, it literally comes after P and before R in the alphabet.

I think the best part is that they are all "free speech is awesome" and "we support the first amendment" but I know they are not going to like this because this free speech is mean to them. In the Daily Aztec's November 22nd, 2020 Turning Point article, pictured is some dorky dude wearing a Ronald Reagan shirt that reads "Hero" using the color scheme of the Obama era "Change" poster. Dude in the Reagan shirt: I don't know who you are but please stop acting like Charlie Kirk is your baby daddy . Reagan actively made homelessness, poverty, inequality, and political discourse immeasurably worse for this nation. I hope you have trouble reconciling your idol worship of a c-list actor turned shitty politician. Ok, I think this is enough to get Turning Point USA mad at us. I dare them not to say something. Do it. Be the bigger person. I dare you.

For everyone else: Koalaween is coming up on October 29th. We let everyone in that we can for a small donation to help keep The Koala running, and we won't turn you away like the frats. Come and have fun!

With Love,

Wakeboarding Party

Clifford the Big

Twenty-seven built ass European men. This is what I was faced with as soon as I stepped into the Wakeboarding Club's inaugural party. The stench of Axe, Titos, and smegma wafted up my nose as I pushed past the foreigners and into the backyard. The night was young and already off to an interesting start.

The pool was nice, which is to be expected from a club centered around water. However as the party progressed, the pool wasn't the only body of liquid catching my attention. As the hours ticked by, lots of tracksuit-wearing, binge-drinking, blonde-haired, blue-eyed Caucasians ended up walking the same route to the house's side yard to whip out their cocks in one central area, creating a vast, bubbly yellow sea. The Pissific, if you will.

More on that later, but as for the rest of the party: it was fine? The music shut down like 17 fucking times. While annoying, I kind of appreciated the break from Dancing Queen/Dancing Queen remix/Dancing Queen mash-up/Dancing Queen karaoke. The alc was utterly homophobic: jungle juice or Coors Lite. The bartender also made me show my Venmo payment every refill while happily serving everyone else. Cunt.

Around midnight thirty, I spotted an array of light gleaming from a certain side yard. Peeking around the corner, I see 3 police officers shining their flashlights over the yard's fence. The glow refracted off of the Pissific, creating a spectacular yellow light show.

Anyway, everyone started flipping the fuck out; some pussy freshmen even decided to jump the fence into the neighbor's yard. Eventually, someone balled up and walked out of the gate, and the night ended with everyone walking out behind them- stinking of chlorine and broken dreams.

Dicks were uncut and urine was splashed everywhere: this party was a solid 3/5 piss drips.

Viva 4th floor what the fuck

Handie Samberg

For some reason viva is a thing. No one is really sure why, but it exists. Standing right outside the school is erected the insanity of a building. These are the land developments we need. But one magical Friday the 4th floor of viva decided to through a party. As the koala it is our duty to cover this weird shit. As I walked up to the door a Dude just looked at me and went "you here for the party". I looked puzzled and he said "Don't act dumb" and let me in. After finding the elevator I round the corner to some streamers and two rooms open. Shit is wild. Who the fuck thought this was a good idea out of all the strange shit at state? I don't think I was expecting this. Mediocre music with a dude standing in front of me with coke jaw grinding.

With mostly a smell of sweat and ass I am dumb founded by how underwhelming it is. Someone decided that getting on the table and dancing right in front of the hanging light was a cash money idea. It was ok. Saying all this people seem to be having a good time. Some song came on and everyone began yelling. I was later informed it was a Pitbull song. Everyone was into it. Across the hall was a room with just two beer pong tables. I was pretty underwhelmed by the event. Apartment parties are hard to throw. I commend the organizers, but I was pretty bored.

This was all till a security arrived and shit got awesome. I looked up and saw the loser that was about to crash this party. I made eye contact with him and he made a call on his walkie talkie. I instantly walked out the door and the yell came "Everyone shut the fuck up!" it was beginning. Within seconds a giant stampede starts evacuating. nothing better than a good security run. These SDSU students know how to orderly evacuate an apartment complex. It's pretty magical I tell you. Nothing like a bunch of scared freshmen and sophomores scaling down stairs to get the fuck out of something. This entire situation happened Within 5 minutes of me showing up.

I give this party 2 out of 5 scaredy pants. But dope for the dudes tryin to organize some shit. Y'all the real heroes.

You swallow me up. Hastily. Fervently.

I am face down, floating in a lake. I am the reason you will sleep tonight. I want to touch you in inappropriate and unsuitable ways. Melt down your throat. Drown in your saliva. Pacify the rumbling deep inside you. Though I am not your mother, before long, you will be sucking on my sweet, tender teat in nuptial bliss.

When I am not inside you, you writhe in agony, thinking only of me. You bubble up from the inside; you need the sweet relief only I can bring. Take me. Take me now. Feel my chalky residue stick to your lips, my taste lingering in your mouth.

I will be waiting at your bedside. After long nights, as you collapse into bed, I will be there. I can smell the curry on your breath. Don't you want me baby? Don't you want to show heartbum who's boss?

Woman Seeking Pathetic Men (College Area)

I'm a desperate 5'5 brunette girl with soft and supple breasts looking for a pathetic man to please me. There are too many men here who look like they dry scoop protein powder with every meal. If you are one of these Greek Life aficionados: THIS POST IS NOT FOR YOU!!!! I NEED to be pleased by a nice pathetic man. A man who will tell me how bad he is at fucking, and then actually be just as bad as he said. I've tried hanging out by the finance buildings, but I can't seem to catch anyone's eye. If you're not sure whether you fit in the pathetic category, let me help you out. Do you: spill [coffee, clam chowder, egg salad, cum etc. etc.] on yourself and just leave it there to stain? Roll your pants up just a little higher than what's socially acceptable? Do you look like my history teacher from my junior year of high school? If you check even 2 out of these 3 things, you just might fit the category. Just imagining you reading this has my panties soaked.

Please please please please please please contact me. I'll be in the student union everyday at noon. You'll know it's me, I'm just as pathetic as you are.

- do NOT contact me with unsolicited services or offers

Give That Ass a Smack, Pumpkin Spice is BACK!

Jewish American Pegger

Step outside for a moment and take a fresh breath of air. You smell that? Pumpkin spice. That's right, fall has officially begun because the Starbucks corporate overlords said so. This tantalizing blend of cinnamon, nutmeg, ginger and cloves now rules our lives from September to November. However, there may be another reason the girls and gays go batshit every fall; research suggests that there is a benefit to this seemingly magical concoction- its libido enhancing abilities.

Forget everything else you've heard about other sexually arousing foods. Chocolate, oysters, supplements, viagra- throw all that shit out. You don't need those any more. There is nothing more powerful than the sheer sexual energy of pumpkin spice.

Go to your local Starbucks and stand in line for a half hour. Order yourself a pumpkin spice latte. Take a seat and look at the cup in front of you. Feel the sensual warmth radiating out of the cup into your hands. Slowly raise the cup to your nose. Breathe in the wondrous, spicy fumes. Let them dance across your nostril hairs. Take a sip. Taste the provocative

blend of spices as they flirt with your tastebuds. Feel the blood rush to your genitals, letting them engorge in seductive pleasure. Take a look at that green mermaid on your cup. She looks so sexy with those two tails, doesn't she? Is that...genital bifurcation? Mmm Ms. Starbuck, you're such a little freak. The lip of that cup looks so inviting..what if I..take just one...little...si-UHNNNNNOooooommmmmhghg.

1st Floor Music Building Bathroom -2/10

Coconut Head

I despised this bathroom. Toilets much too close to the stall door. Trying to do yoga to fit into the bathroom with a backpack and all your necessities. Breaking my back to try and fit on the toilet without breaking my knee caps on the stall door. Awful, truly awful. When I'm in a rush to drop a shit, I can't be doing pilates, worrying about whether i'm going to fit. We are in a time crunch here people. I will say it was refreshingly empty and had good AC flow which made it pleasant once you maneuvered your way into the stall. So, maybe "despised" isn't the correct word. I just feel strongly about bathrooms having easy access for emergency pur-

poses. I'm not shitting my pants on campus again, I won't do it! This bathroom was fully stocked with all of the necessary bathroom items and there was no fear about running out of toilet paper. I didn't have to scavenge for a morsel of soap or a measly paper towel. Overall, if you need a bathroom in the music building I really would recommend anywhere the fuck else but if you have a minute to spare and enjoy yoga this is the bathroom for you.

SDSU's #1 Exam-Cram Workshops

Celebrating the First Amendment!

From the minds of A+ Review... Sarah, Walter, and Mike!

Roommates to Avoid!

1. **The Slob** *The Slob is the roommate who never cleans up after themselves. Trash lies on the floor, dishes pile up in the sink from days ago. Living with The Slob becomes unbearable, if you aren't one yourself.*

2. **The Nonstop Talker** *The Nonstop Talker can be fun at times but after an hour can become as annoying as a gnat. This roommate is loaded up on gossip and just itching to unload on you after a tough day.*

3. **The Hermit** *This roommate just never seems to leave. If you bring a guest home, this roommate is like a greeter at Wal-Mart.*

4. **The Party Animal** *This roommate stumbles in typically after 3am, creating a large disturbance prior to your morning exam. They are not around much except when they move their nonstop party into your house.*

5. **The Nympho** *This roommate likes to enjoy herself and live her best life. But each night around midnight she pulls a different guy through the house to her back bedroom. The problem is the walls are thin, and she gets noisy.*

6. **The One Who Never Comes Home** *It's great to move in with a fun roommate but after a few weeks your roommate meets that special someone and disappears, leaving your place sadly boring and quiet.*

7. **The Desperately Broke Roommate** *First you notice pocket change missing off your desk. Then you notice your food and beer going missing. When you look for contributions from them, they typically have misplaced their wallet.*

8. **The Weed Smoker** *The house always stinks of weed smoke, pieces of weed are left on the coffee table, and their dirty bong water gets spilled on the carpet. Then, late night, they raid your food supply*

Extra Extra: New Frat Alert

Recruit #3472-C

In an effort to improve the image of San Diego State University's Greek life, the Interfraternity Council has announced the establishment of a new fraternity chapter here at state.

Epsilon Epsilon Epsilon, or how it's known around campus "Tri Ep", is set apart from other fraternities on campus.

"We wanted to let Tri Ep start a chapter here because we want to show people that we're good ol' god-fearing boys. We just wanna toss a couple ales back with the sick and needy." says spokesperson for the SDSU IFC, Mike Hawk.

What exactly sets 'E'E'E apart from the other fraternities on campus? It is composed entirely of Franciscan Monks. While religious fraternities are not a new concept, a fraternity of men acting in God's rightful image while wearing dope ass brown robes is unique to SDSU.

According to a new mandate released by the IFC, a member of the Tri Ep fraternity will have to be present at every single official fraternity function. This is to ensure that no sins are being committed, thus demonstrating that members of Greek life are trustworthy and eligible for salvation.

Aside from being composed entirely of Catholic monks, Tri Ep runs like any normal fraternity. Members are expected to rush, and then pledge. Pledges work their way up to being full fledged and fully flagellated members. Once members take their vows of chastity, poverty, obedience, and stability, they are bestowed with their brown robes and a sexy tonsure haircut. Rumors float around that pledges are expected to have penetrative gay sex in order to become members, but these accusations are always swiftly denied by all Tri Ep spokespeople.

Despite a strict, chaste lifestyle expected of all Tri Ep members, the 2021 pledge class remained at full capacity during the entirety of rush season.

"I mean if the rumors are true, we'll get to live a life devoted to God while being able to fuck our homies, that sounds pretty good to me" says Dick Plunge, a member of the 2021 pledge class.

Along with daily mass, prayer, and reflection, Epsilon Epsilon Epsilon also holds philanthropic events and goes on group retreats. This upcoming spring break, the chapter will be going for a week to Albania, a small country situated in the Balkans.

"Its wild, everyone forgets about Albania. Nobody expects 23 Catholic guys to show up to a Muslim country, but we do, and we go absolutely fucking hard" says Philonious Wetbottom, the spokesperson for the SDSU Tri Ep chapter.

Philanthropy is a hallmark of any church or fraternity, but Tri Ep wins the prize for creative fundraising ideas.

"We came up with sexy monk car washes in order to show sororities that we can do it better and we can do it without revealing our ankles." says Wetbottom.

While Tri-Ep members believe they are performing God's work, paying customers note that not much gets done.

"They barely even fucking washed my car, all they did was make out with eachother, soaking wet. I paid 60 dollars for nothing AND I was hard the whole time." said Barry McOckiner, an SDSU RWS professor who asked to remain anonymous.

In order to better gauge the opinion of SDSU students on the new fraternity, we asked the opinions of pledges from other frats. One anonymous pledge noted that, "their music is really strange, they listen to these hollow, haunting Gregorian chants at all hours of the night. It's either that or this bizarre 16th century rendition of Travis Porter's "Ayy Ladies" complete with a harpsichord solo. It's really fucking weird."

Another anonymous pledge said, "They never really drink? Every time they pass around shots at their parties, it literally tastes like water. Now that I think about it, they may have slipped holy water. Then, when we actually drank it, all the Tri Ep pledges shuddered and acted like they drank real vodka. It definitely was not vodka. Really strange shit."

UCSD Ranked 8th, Good for them

John MulBangMe

The acclaimed US News and World Report just released their 2022 list, ranking all of the nation's public universities, and wouldn't you believe it, but San Diego's favorite college made it on the list! That's right, baby, fuck the fact that UCSD is in the top 10, because SDSU is also on the list! Right there, next to all of the other public universities. This milestone is just a testament to the fact that SDSU is, in fact, a public university. In fact, we're famous for it. Ask anyone that's heard of SDSU and they'll tell you that, not only does it exist, but it is a public university! And I think that should be celebrated.

Ok, so maybe we didn't place very high on the list, relatively speaking. But it isn't all bad! First of all, we just edged out the University of Alabama, so suck it, meatnecks. (If you are from Alabama, I'd like to formally apologize for the fact that you are from Alabama.) Also, we're tied with a bunch of other schools for 67th place. So, technically speaking, that also means we are 69th place, and to that, us at The Koala say, "nice."

Frankly, it's clear that whoever was in charge of that bullshit list obviously didn't do their proper research on this fine in-shit-tution. Institution. Top 10 should have been an easy win for us. First of all, to get the obvious factor out of the way: no one, and I mean NO ONE, plays Slap the Bag like SDSU. The entire alcohol industry can thank you fucks for keeping them on the map. Second, our wonderful administration. It takes real balls to literally be trending on Twitter for your shitty handling of the pandemic and respond to it by NOT CHANGING A GODDAMN THING. Honestly, though, you motherfuckers could have probably been classified as a bioweapon with the amount of COVID y'all spread. That's Aztec Strong. Anyways, none of that will matter in a few years once SDSU

becomes some shitty for-profit online school like University of Phoenix. See you in cyberspace, sluts. Back to the point: we still haven't considered the third and most important factor to our quality as a school: Ty Simpkins. Yes, you, Ty. If you're not Ty, but you're in Pike, show this to Ty. You reading this, Ty? Good. Email us. We're fans.

Well, congrats, UCSD. You happy? You nerds can keep on watching fish have sex or whatever it is you do over there, I'll be over here catching Meningitis and a sweet cocaine addiction.
