Chapter One

“Hello again, and welcome to the annual Shitpost Edition of the Koala. What is the theme of the shitpost, exactly? Fuck if I know. This month, I chose to take it as an excuse to step off our high horses, relax our minds, and return to a simpler way of life. Over the course of the past month, I’ve been feeding my staffers nothing but warm Natty Light and cigarette butts, and set them loose in the abandoned Theta Chi basement to write whatever their hearts desired with no limits. This month, there’s no asking whether or not we can or should. If it’s legible, it’s in, just like the good ol’ days. Genuine question for people who complain that the Koala isn’t funny anymore: have you read the old stuff in a while? If you can get your grimy little hands on one some old copies, I really recommend you revisit what you found funny as a freshman in college. If you somehow find something you like, I’ll take notes, babe. With that said, this issue goes out to the people who think the Koala’s fallen off. If you thought our content was getting shitty before, welcome to the bottom-of-the-barrel shits.

Xoxo,
Sinus Baby”

Sinus Baby shut her laptop with a wistful sigh. That ed box sucked ass. Having to please the masses of fans while also holding back how hilarious she was in her editor boxes (so as not to outshine her lowly staffers) was starting to take a toll. *How will the world love me if they don’t know how iconic, amazing, and fuckable I really am?* She thought to herself solemnly.

It was so hard being the hot, sexy, and mysterious Editor-In-Chief of renowned and reliable student newspaper, The MotherFucking Koala. Besides all of the boring delegating, the worst part about her role was that not a soul knew about it outside of her inferiors. Thinking about it was too much to bear -- a dab and some good company would take her mind off it. She shimmied assily out of her hand-carved mahogany chair with curves that mimicked her own, and began to make herself decent. She didn’t need any makeup because she naturally had smoked out liner and no pores, of course, and her hair was perfectly tucked in a messy bun. She slipped on her velvet slippers that oh-so-perfectly molded around her petite, feminine feet, and pulled on a silken robe hand-painted with a recreation of what her nude body looked like beneath the robe. She tightened the ribbon around her impossibly tiny waist and tucked in her swinging chest before padding softly into the hallway. She scanned around with her walnut orbs for her live-in-maid, but didn’t spot them instantly. Usually they would be right by the bedroom door with a hot rig waiting, but today she was greeted with silence. “Lilo And Bitch?” She called in a melodic tone.

No one answered back.

“Lilo? Bitch?”

She crept out towards the foyer hesitantly. While she made good money pocketing Koala funds, Sinus Baby lived a modest lifestyle and her home in the gated community next to SDSU was quite quaint, with great acoustics. Her voice should’ve carried -- something was amiss.

Suddenly, the room filled with dense smoke. Before she could even think to scream, the stained-glass skylight above her shattered loudly. The only thing she could see was colorful shards raining over her, and then a brown combat boot moving swiftly towards her head, knocking her down onto the cold marble floor.

“I got her boys, innit?” A male, British voice shouts.

“Ye Liam, I fink you bloody nailed ‘er!” A different British man shouts.

“Fanks Harry!” The initial voice replies.

“Blokes, enough chatting, we’ve got to get her to Nando’s!” an Irish man shouts.

“Ye ye Niall, get her legs then. Zayn, get her head, and the rest of us will get the midsection. She’s got a heaving arse!”

They lifted her up and she could feel her consciousness slipping away, but before everything went black, she realized exactly what was happening:

She was being kidnapped by One Direction.

2 in 1 Party Review Special

Boxer Queefs

This night started off like any fun, well rounded, college night out: using week old waffles as my chaser for the last of the Kirkland vodka bottle I found in the trash chute the night before. I was well aware that this lovely start to the night was only setting me up for failure. Yet somehow it got worse. Oh my god it got so much worse. Our first destination was the Pike "mansion." And by mansion they just mean that only 2 out of 3 of their bathrooms are clogged and there's an upstairs. Upon walking into the house I was happily pleased to see they had hired 2 "DJs" to perform in the corner of their living room. And by DJs they just mean slightly older, slightly shorter men being venmoed \$25 to play the Chainsmokers awkwardly low as they dance around like they both really really have to pee. This function was fun until it was cut tragically short upon the police showing up. This caused all of the Pike brothers to instinctively throw up the classic "quiet coyote" (yeah, the same one you learned at 6th grade camp) as they aggressively yelled over each other to "seriously shut the fuck up." This went on - and I am not even exaggerating a little bit here - for 16 minutes. 16 minutes of just the boys yelling over each other. Literally not one other person said a single word. Once kindly ushered out of the house I made my way to a DU satellite house. This was just as poor and lame of a decision as it sounds like it was. Had I not been drunk off my ass I would have seen that. This house, although it was no pike "mansion", did have a pool. This is also as poor of an architectural decision as you would think it is for a frat house. In no world should you be placing a large body of water near a group of drunk teenagers. I voiced this concern immediately upon seeing it and was shut down by the guy working door responding, and I quote, "No one's dumb enough to jump in the pool don't worry."

Wrong.

I am.

I am dumb enough.

I am so dumb, in fact, i jumped in this pool only 15 minutes into laying my eyes on it. I also not only jumped into this pool, but spotted the first hot guy I could and pushed him in as well. This is because I am not only constantly seeking attention, but also male validation. I got both from this risky, although successful move. As I was occupied by the hot pool guy I saw out of the corner of my eyes a literal conga line forming around us while Shakira's 2010 hit single "Waka Waka" played. This right here was my wake up

call. Immediately I parted ways from the pool guy and my regret set in as I realized I have an upwards of 30 minute walk home and am now wearing soaking wet jeans and converse. Not cool. Anyways, the moral of the story is if you find yourself drinking trash chute vodka, walking into a house self titled "the mansion", or in route to anything DU, just turn around. Source: trust me.

My Little Farter Little Dybbuk

This is my little farter
He's a real party starter

Yes, that's my little tooter
He goes to school on his scooter

All day long, he stays in bed
Oh little farter, it's all in your head!

"But mama, I'm scared of the voices at night
And the creepy, crawly bed bugs that bite!

They tear and gnaw and gnash at my skin
Mama, I wanna go to heaven, but they won't let me in!"

"Oh fart, sweet boy, don't go just yet
Let us look at your brain, so soft and wet

A poke, a prod, and a rod down there
A tickle, a stitch, you'll feel better we swear!"

Look at him now, subdued and mild
No more nightmares, just the mind of a child

As he lay on his deathbed, the children will sing:
"Goodbye little farter, what good news death can bring"

THE MOTHERFUCKING KOALA'S WHORE-O-SCOPES

by someone who knows nothing about astrology

ARIES: Despite Sagittarius's typical antics of playing hard-to-get, they REALLY want to fuck. Go get it, baby.

TAURUS: He's standing right behind you.

GEMINI: It was surprising how quickly I moved on when I discovered you found somebody new. When I knew that there was absolutely nothing I could do to get back with you, I got out of the rut. So thanks for fucking a guy that wasn't me, I guess.

CANCER: Stop saying "cock". It's not funny and it's not sexy. I'm tired of you using it as a punchline, and I absolutely can not stand you thinking it turns me on.

LEO: idk

VIRGIN: I'm gonna getcha! I'm comin' for ya! You better be ready you silly little goose, cuz my grubby fingers are filled with temptation from your cute bottom.

LIBRA: Consider making porn.

SCORPIO: Better wear your diaper today you big baby. When you drink your milky you're going to have to go peepee so, so bad. When you eat your mulch you're going to feel a rumble in your tummy, and you'll be headed to brown town. Suit up, fucker.

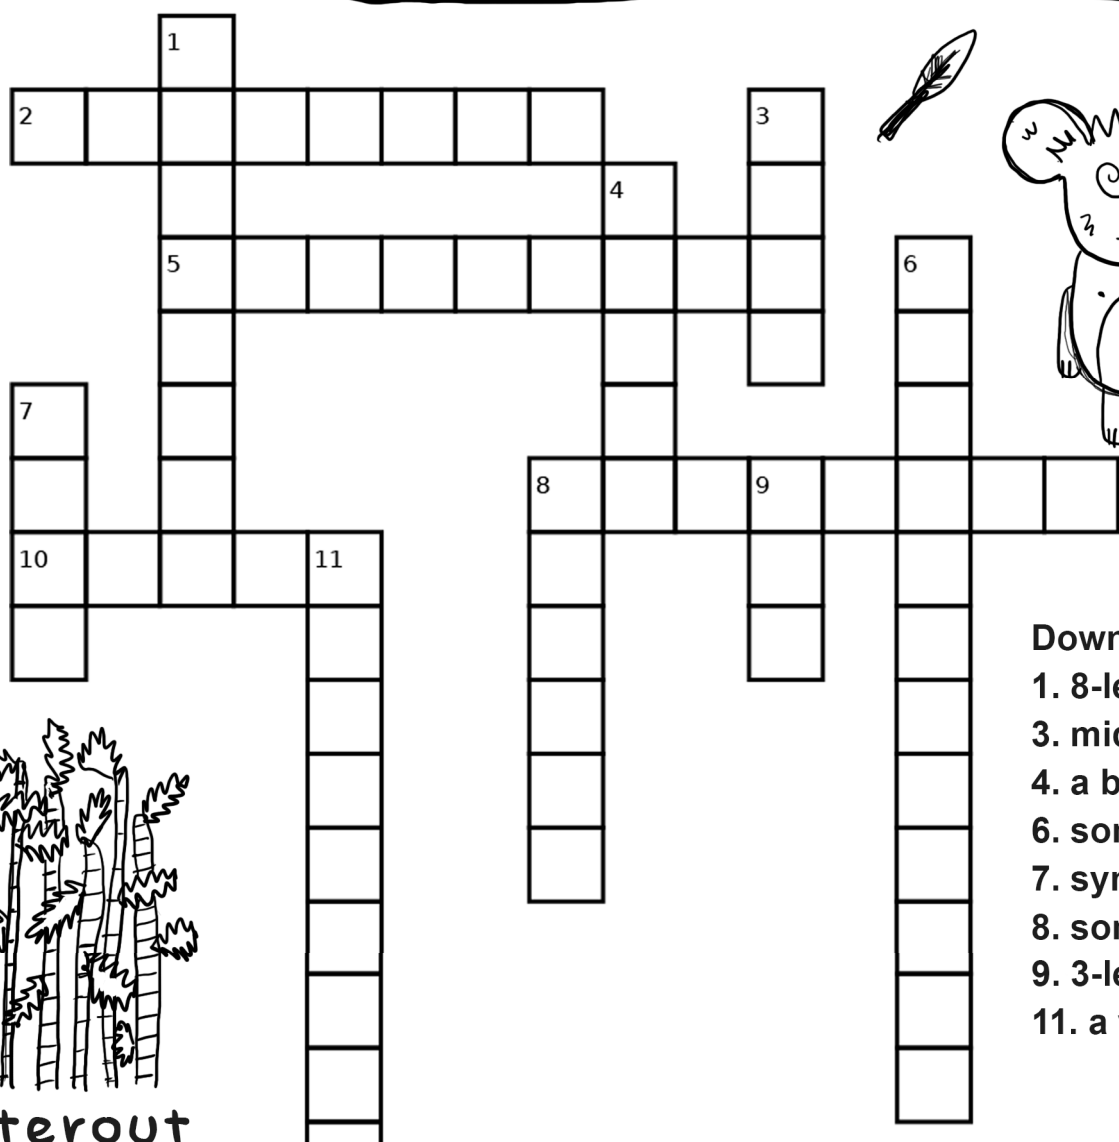

SAGITTARIUS: Aries plans to murder you. Run.

CAPRICORN: Hark! Thine riddles three must be answered with tempestuous haste. I doth not tell thee of thy true answers, for they lie within your soul. Trust thy heart, and know thyself, for authenticity shall deem thy entry into heaven when met with thine mischievous sphinx.

AQUARIUS: Today brings new opportunities for love. Be sure to wait patiently for these opportunities to present themselves, and when the four-fingered man approaches you, lie still, as his vision is based on movement.

PISCES: Begin learning carpentry. The reincarnation of Christ is soon to come, and with him, the rapture. The rising tides will have no chance at claiming your life when you're an expert shipbuilder, and as He spared Noah long ago, perchance He will spare you too.

Bathroom review of ur mom's mouth

Zodiac Killer

Picture this, pleb: I kick open the doors of your childhood home, breaking the door for your loser ass to fix. I take a leisurely stroll through the house, stopping in your bedroom to spit in your bed, as I have officially beat you and am the alpha male. I also kick your dog. Then, I make my way to my final destination: your parents' bedroom. As I open the door, I'm greeted by none other than the fox herself, your mom. She's completely fuckass naked, on her knees with her mouth wide open like a good little slut, ready for the golden shower she's been begging me for behind your back for months, gayboy. I bet you couldn't even tell how much your mom has been watching me and my mad COD skills. She's been absolutely drooling over my stable job as the manager of a GameStop that I've held for the last 10 years. My neck beard is grown in and has every cougar staring me down, but I only have eyes for one: your mother. And after a long day of chugging monsters and about 3 Baja blasts, I really have to fucking piss. At this point she's begging for it, "Please Kevin, just let me drink your golden nectar!" After whipping out my fat chub, I can tell she's ready for the drink of her life. I start and it flows out of my dick looking (and smelling) like Red Bull. Your mom's guzzling it and letting it shower all over her like her life depends on it. Got a bit in her eye, but it only turns her on more. She's definitely getting conjunctivitis from that one. As my flow streams to an end, I stand there watching your mom absolutely glistening in my manmade lemonade like a goddess, but like if a goddess

smelled like a petting zoo. She starts lathering it all over herself like lotion. Fuck that was so satisfying, but she loved it way more than I did bro. However, I can't help but shake the feeling that she wants something more. Something more... substantial. Like clockwork (or should I say COCKwork), your mother starts begging for me to shit in her mouth too. And because she'd been such a good whore, I decided to take her up on it. I directly turn around, plug hole to mouth, and let 'er RIP. Just like that, I'm taking your mom to brown town and she's loving every second of it, getting brown chunks all down her throat and on her face. She loves being used like a human porta potty. I hear her loud moans begging for more of my poopy so she can rub it all over her nice big bazongas. Once I finished with my doo doo, I decided to just pull up my khaki shorts and wear my shit with pride. I know I've marked my claim on such a babe (that being your mother), and now that my princess has been all slathered up in my excrement, she's all ready for me to sweep her off her feet, walk her all the way to my house with my Chad level strength, and show her where she's gonna be spending the rest of her life. In my mom's basement, making me ham sammies while I crush your ass on Fortnite in between hours long fuck sessions.

Ok so last night (you aren't gonna believe this), I went over to my hookup's place. Are you sitting down? Sit down. You aren't ready to hear this. So I went over to his place and we were gonna do stuff or whatever. You ready? You sitting down? You prepared for my hookup story? So I went to his place and when we were doing stuff, he took off his pants. Ok you ready for this next part? It's crazy. So he took off his pants. THEN, he took off his underpants. Ok this next part is so crazy, are you ready? His dick, it was soooooo scrungly.

The Adventures of Cock N' Balls: Torture Edition

Jewish American Pegger

"Jesus Fucking Christ. He's asking for it again!" Cock yells in terror. "Righty, Lefty, wake your asses up!" Righty groggily opens his eyes and taps Lefty. "What the fuck are you yelling about?" Lefty asks, angrily. "Look up, you fucking idiots!" Cock screams as a hand smacks him hard, knocking him unconscious. Righty and Lefty let out a cry of terror as Cock swings side to side, lifeless.

"Why does he keep doing this to us?" Righty cries, tears rolling down his wrinkly cheek. "Look out!" yells Lefty as a paddle slams into the pair. Bruises form as the two of them fight to remain conscious. Before they have time to recuperate, they find themselves shoved onto a shelf of wood. Righty and Lefty look around, confused. "This is new," Righty says. "Oh no. Oh fuck. I've seen this," says Cock groggily. "I saw this a few days ago on PornHub. It was exciting to think about when it wasn't happening to me specifically. But my time has come." Cock begins to puff up, inflating slowly. "Man what the fuck is wrong with you? How can you be hard right now?!" Lefty sneers. "Brace for it!" Righty screams as a baseball bat comes crashing down on the three of them. Cock howls as wood meets wood, and Righty and Lefty are knocked out cold.

Slowly, Lefty opens his eyes, his vision blurred. Something is wrong. Very wrong. He feels... constricted. He tries to readjust and finds that he can't. He begins to panic. "Righty. RIGHTY, WAKE UP!" Righty opens his eyes and tries to squirm. "Holy shit. Are we banded together?" Righty asks, struggling against the ties. "I wish I was attached to a different man. I can't take this anymore," Lefty says, falling limp to the ties. "Speak for yourself," Cock grins down at his pals. His tooth is missing and he is bruised from base to tip. Yet somehow, he is at full mast. Two cock rings adorn his neck, and his skin is stretched thin across his bulging frame. "You can't seriously be enjoying this now?" Righty asks. "I've gotta make the best of a bad situation, and how bad can it be?" Cock responds. Lefty sighs. "What terrible experiment is he going to put us through next?" asks Righty. Before Lefty can give a snarky answer, a shower of cum rains down and covers the busted balls. A limp Cock rests on Righty and Lefty's heads. "I heard him agree to something new," Cock explains to them. "Either of you guys know what sounding is?"
